☒ 2-day Mon.-Tue.: HO248- Cracking the Code: HUD Compliance for Housing Counselors	800.00	25	Are you working for a HUD-approved agency and not sure how that impacts the way you do your job? Being HUD-approved raises the bar not just for your organization but also for the work you do. This course gives you resources and checklists for working with clients, having complete files, managing your time, and all the other things you really need to know. We review the key features of relevant, national HUD programs, including fair housing, and help you crack the code about the HUD 9902 report. If you are a counselor who has achieved your HUD certification, or you want to learn more about what's involved in being a HUD certified counselor, this is the course for you. Come learn all the tips and tools you need to help you standardize and streamline the housing counseling process. * formerly titled: Program Compliance & Reporting for HUD Approved Agencies.
☐ 2-day Mon.-Tue.: AH101- The Fundamentals of Affordable Housing Development	800.00	30	In this comprehensive overview of the real estate development process, learn to evaluate the pros and cons of real estate development and how they can affect an organization's goals. Discuss project assessment, acquisition, finance, construction, marketing, pre-leasing, leasing, and management. Using examples and on-site exercises, we'll review the roles, risks, and rewards of real estate development. This course is for managers working in organizations considering real estate development. It is part of the Consortium for Housing and Asset Management curriculum for Nonprofit Housing Management Specialists (NHMS) seeking the Certified Housing Asset Manager designation. For more information, visit www.cham.org .

STEP 6: COURSE FINAL REVIEW PAGE

- A final review page will appear. Click **EDIT** to return to the prior page to make edits or click **CONTINUE** to proceed. If you are registering for courses that have prerequisites, pre-assessments or any hybrid or blended course(s), you are required to check off that you have read the course description and understand and agree to the course requirements.

3-day Mon.-Wed.: AM351 - Advanced Housing Asset Management (CHAM)	August 21st, 8:30 - 11:30am, 1 - 4pm August 22nd, 8:30 - 11:30am, 1 - 4pm August 23rd, 8:30 - 11:30am, 1 - 4pm	1,087.00	31	Advanced Housing Asset Management (AM351) is the final course needed to earn the Certified Housing Asset Manager designation. This class will bring together all the aspects of asset management covered through the CHAM curriculum and conclude with learners completing an asset management plan for one of their properties. This course takes place over a period of approximately 30 days in a combination of traditional classroom and online learning settings. Part I will be taught in-person for three consecutive days in a classroom setting. Students will explore techniques for analyzing and managing portfolios of properties through exercises involving both case studies and analysis of their own organizations' portfolios. Students will need to bring a laptop and will be sent materials to prepare a few weeks in advance. In Part II, students will prepare an asset management plan for one of their properties that will be analyzed and presented in the context of their property portfolio. This part of the course will span about 30 days and will use remote learning strategies where participants will have the opportunity to schedule one-on-one coaching from the instructors on their property asset management plan. Each person will present a PowerPoint summary of their property asset management plan via video-conferencing to a group of fellow participants for peer and instructor feedback and insights. At the conclusion of Part II, students seeking their CHAM designation will be prepared to submit their asset management plan for review and grading.
